CASHIER'S OFFICE:

SECTION 1. FACILITY CONTACT INFORMATION

Business/Applicant Name:	Owner/Operator Name:
Business Address:	Address of Residence of Owner:
Phone #: Fax #:	Phone #: Fax #:

SECTION 2. SITE INFORMATION

Describe general processing equipment type/purpose:

Describe how the shredded waste tire material will be handled for proper disposal:

Describe the area of the state that you will provide shredding services to (list counties within service area):

Provide evidence of established markets for the types and quantities of product that will be processed. *(Attach contracts, purchase agreements or purchase orders with an end user, noting the quantities of material required, specifications of the product and monthly or annual demand of product by the end user. If processed tires will be disposed of, provide the names of landfills willing to accept the processed waste tires.)*

SECTION 3. PERMIT APPLICATION CHECKLIST

Prior to a permit being issued, the permit applicant shall indicate acceptance of the following permit requirements by initialing each item below, unless specific "Special Permit Conditions" are included on your final permit issuance from the department. While some of the documents below may have been submitted previously, updated copies of each is required to be provided with each permit renewal application. One (1) copy of each document shall be submitted. If an application is found by the department to be incomplete, it may be denied and returned to the applicant.

General Permit Condition:	Initialed by:
Vehicles used for the transport of the mobile shredding equipment and processed tires shall be marked with the name of the business, and city and state. The markings shall be in a color in contrast to the color of the vehicle, and shall be legible at a distance of 50'.	<input type="checkbox"/>
The mobile processor shall process tires only at the customer's location, and shall not	<input type="checkbox"/>

conduct any shredding, storage, or transfer operations of waste tires or waste tire materials at any off-site location.	
The mobile processor must provide final disposal service for the waste tire material that is shredded. The mobile processor may not shred the tires and then leave the shredded material with the customer.	<input type="checkbox"/>
Waste tire material shredded or cut by the mobile processing equipment shall be disposed of through a permitted sanitary disposal facility that is located within the service area that encompasses the city or county area that the customer's business is located in, or through a permitted waste tire processing facility. No other disposal, reuse or application of waste tire material shall be allowed.	<input type="checkbox"/>
All bead wire, side walls, or other tire material separated by the mobile tire processor shall be disposed of by the permitted mobile processor at a permitted off-site sanitary disposal facility.	<input type="checkbox"/>
The mobile processor shall have a 20-pound Class ABC dry chemical fire extinguisher available within 25' of the mobile waste tire processing equipment at all times that the equipment is being operated.	<input type="checkbox"/>
A permit for a mobile processor shall not authorize the permittee to process or handle any other solid waste materials.	<input type="checkbox"/>

Reporting Permit Condition:	Initialed by:
Total quantity of waste tires processed and disposed of by the permittee during the reporting period.	<input type="checkbox"/>
Quantity of waste tires disposed of through each permitted sanitary disposal facility for which waste tire material was delivered to during the reporting period.	<input type="checkbox"/>
Quantity of waste tires processed and delivered to other permitted waste tire processors for beneficial end-use processing, if such alternative disposal options were used.	<input type="checkbox"/>
The mobile processor shall maintain records for the most recent five-year period of operation as a permittee, noting the quantities and locations of all disposal sites and facilities for which tire material has been delivered to for final disposal.	<input type="checkbox"/>
